## **VOXDATA RANKS AMONG THE TOP 15 CALL CENTER COMPANIES IN NORTH AMERICA**

**Montreal, June 5, 2008**—For the 11<sup>th</sup> time in its 12 years of existence, VOXDATA has made the TOP 50 of North America’s biggest call centers as rated by *TMC Customer Interaction Solutions* magazine. The list seeks to recognize excellence among outsourced call centers.

VOXDATA ran in the outbound and inbound call categories, finishing 10th and 14th respectively in international operations. This marks an improvement on last year, when the company placed 14th and 15th respectively.

“This recognition from industry observers once again shows the professionalism and expertise of the VOXDATA team. The secret of our success is simple: we put our clients front and center by fostering close relationships based on partnership and respect for mutual values. But our success of the past few years has not stopped us from constantly upgrading our processes and keeping a close eye on the latest developments affecting the call center industry,” said VOXDATA CEO France Couture.

VOXDATA’s expertise in call center management enables the company to provide round-the-clock contact services adapted to a clientele primarily made up of financial institutions, public utilities, telecommunications companies, and insurance firms.

### **About VOXDATA**

VOXDATA has been providing inbound and outbound contact services in English and French since 1995. It is headquartered in Montreal with another office in Toronto. A member of the Canadian Marketing Association, VOXDATA is ISO 9001-2000 certified.
